

Customer No.: 31561  
Application No.: 10/063,737  
Docket No.: 8727-US-PA

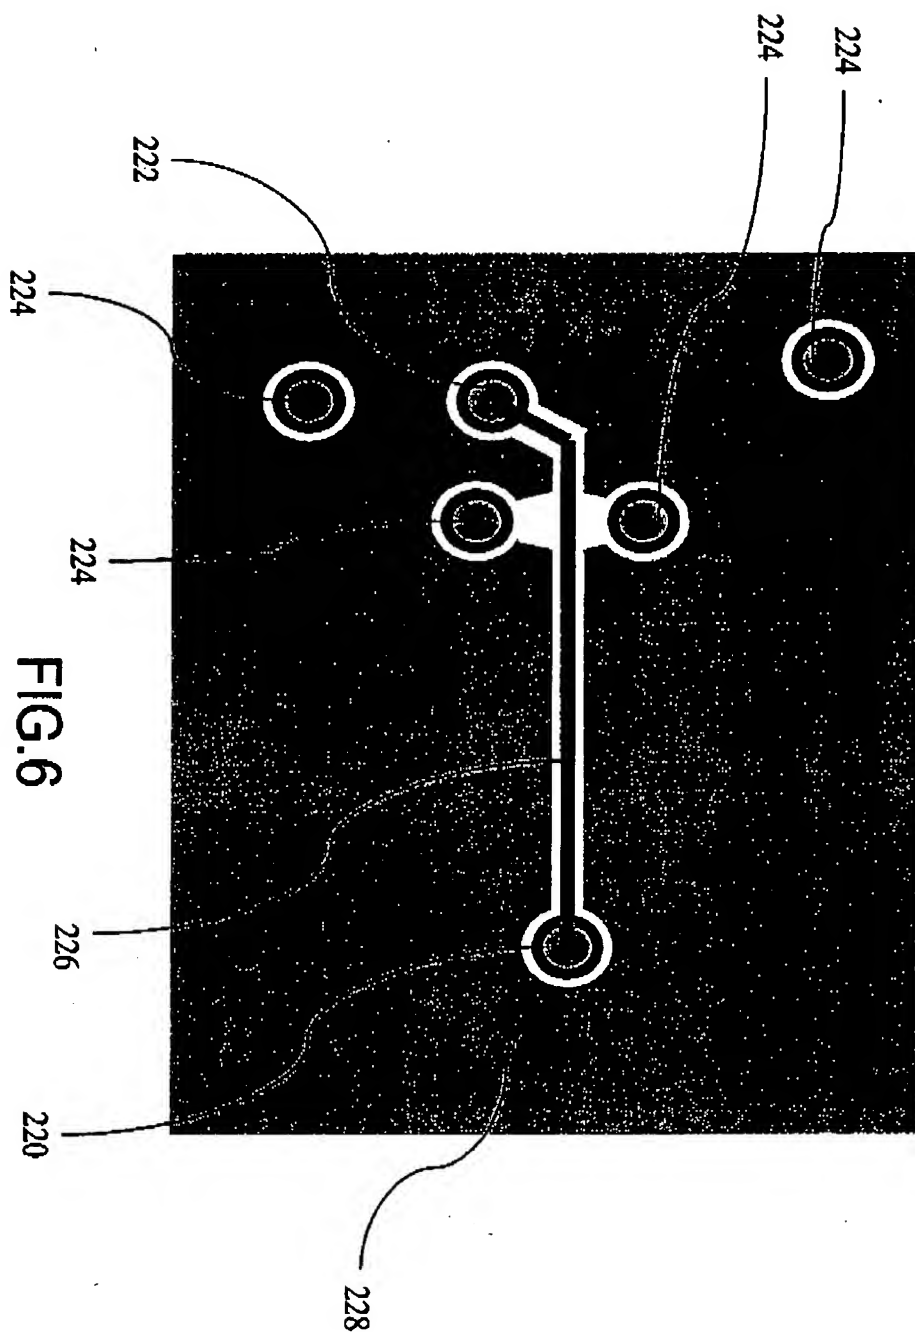

**In The Drawings**

The Applicants have amended FIGs. 5, 6 and 7 for including technique features cited in the previously presented claim 16 and newly added claims 27-33. The technique feature in the claim 27 is described in the embodiments and the definition of a reference voltage, which should be a constant voltage. Therefore, no new matter is added.
